Essex
a great place to
do business

▶ Welcome *|FNAME|* to INVEST Essex's eNewsletter

Welcome to the July 2011 edition of our eNewsletter. In this edition we highlight companies that have chosen Essex as their base and why they recognise that Essex is good for business. We take a look at the Environmental Technologies Sector in Essex and include the following latest news . . .

- » easyJet to launch new international services from London Southend Airport
- » How manufacturing companies in the county are benefitting from business support
- » Why Essex has long been a valuable base for global leader e2v technologies

We hope that you find this eNewsletter an interesting and informative read!

▶ Why Essex is a great place for business

Find out why Essex is such a great well connected business location and why major blue chip companies such as **Ford** and **BAE Systems** choose to operate from Essex.
[Video length - 1min:30secs]

▶ easyJet launch new Essex service

Essex provides businesses with excellent and far-reaching transport links that have just got better with the news that easyJet will begin operating from **London Southend Airport**. easyJet will initially operate flights to Barcelona adding further destinations such as

Madrid, Milan, Amsterdam, Berlin, Glasgow, Edinburgh and Belfast later in the year.

Complementing **Stansted**, which already offers an unrivalled range of European destinations, these new services are further enhancing Essex's fantastic transport links.
